

Eco Steamcleaners

4 POLE HEAVY DUTY MOTOR HOT WATER CLEANERS

Sellarc

washers perform well under pressure - when you need to put the pressure on

Professional & robust hot water pressure washers ideal to handle a variety of tasks such as: food production areas, retail areas, commercial vehicles, plant hire & agriculture.

- 1450 rpm motor with overload protection
- Interpump with ceramic pistons & brass head
- Adjustable delayed auto stop
- Low fuel device for burner component protection
- Stainless steel burner casing with separate fuel pump
- Fuel pump >90% efficiency
- 4 sec burner delay
- 24v controls for operator safety
- 22 litre fuel capacity
- Quick release couplings on inlet & outlet
- Polyethylene chassis self extinguishing & 100% recyclable
- Special (FSA) FLOW SENSITIVE AUTOMATIC BYPASS VALVE
- Storage box for nozzles & service parts
- Coupling between motor & pump (not 100/10)
- Fully immersed highly sensitive thermostat for heat control
- High pressure chemical
- Micro leakage check
- Water level check
- Heavy duty gun, lance & HP hose

RENO

Hot high Pressure

Washers designed for use in Larger farms, Auto Repair Shops and within the Transportation Sector.

- The models are deisgned in stainless electroplated steel.
- The pump units are free of vibration and are fitted with ceramic pistons.
- The models have an automatic start/stop function
- The water flow can be adjusted to steam.
- The heating device is thermostatically controlled. which gives an optimal energy utilisation
- All the models have low noise level.
